## **Section 1**

### **Climate Change, Ecosystem, and Ecosystem Services**

#### **Chapter 1**

|                                                                                                                                     |   |
|-------------------------------------------------------------------------------------------------------------------------------------|---|
| The Need to Establish a Long-Term Ecological Research Network in Morocco as a Tool to Monitor Ecosystems Under Climate Change ..... | 1 |
|-------------------------------------------------------------------------------------------------------------------------------------|---|

*Ahmed Karmaoui, Southern Center for Culture and Sciences, Morocco*

*Siham Zerouali, Southern Center for Culture and Sciences, Morocco*

#### **Chapter 2**

|                                                                                                                            |    |
|----------------------------------------------------------------------------------------------------------------------------|----|
| Associations Between Climate, Ecosystems, and Ecosystem Services in the Pre-Sahara: Case Study of Tafilalet, Morocco ..... | 23 |
|----------------------------------------------------------------------------------------------------------------------------|----|

*Abdelkrim Ben Salem, Cadi Ayyad University, Morocco*

*Souad Ben Salem, Cadi Ayyad University, Morocco*

*Mohammed Yacoubi Khebiza, Cadi Ayyad University, Morocco*

*Awatif Zine Elabidine, Kennesaw State University, USA*

#### **Chapter 3**

|                                                                                                                                               |    |
|-----------------------------------------------------------------------------------------------------------------------------------------------|----|
| Ecosystem Services Demand Management Under Climate Change Scenarios: Use of WEAP Software in Case of Water Demand in Ziz Basin, Morocco ..... | 45 |
|-----------------------------------------------------------------------------------------------------------------------------------------------|----|

*Abdelkrim Ben Salem, Cadi Ayyad University, Morocco*

*Souad Ben Salem, Cadi Ayyad University, Morocco*

*Mohammed Khebiza Yacoubi, Cadi Ayyad University, Morocco*

*Mohammed Messouli, Cadi Ayyad University, Morocco*

## Section 2

### Biodiversity and Ecosystem Services

#### Chapter 4

|                                                                                                            |    |
|------------------------------------------------------------------------------------------------------------|----|
| Monetary Value Change of Some Provisioning Ecosystem Services of Middle Draa Valley, South of Morocco..... | 67 |
| <i>Siham Zerouali, Southern Center for Culture and Sciences, Morocco</i>                                   |    |
| <i>Mohammed Yacoubi-Khebiza, Cadi Ayyad University, Morocco</i>                                            |    |
| <i>Fadoua El Qorchi, Cadi Ayyad University, Morocco</i>                                                    |    |

#### Chapter 5

|                                                                                                               |    |
|---------------------------------------------------------------------------------------------------------------|----|
| Potential Role of Endophytes for Sustainable Environment .....                                                | 78 |
| <i>Zubair A. Dar, Sher-e-Kashmir University of Agricultural Sciences and Technology of Kashmir, India</i>     |    |
| <i>Bhat Rifat, University of Kashmir, India</i>                                                               |    |
| <i>Javeed I. A. Bhat, Sher-e-Kashmir University of Agricultural Sciences and Technology of Kashmir, India</i> |    |
| <i>Asma Absar Bhatti, Sher-e-Kashmir University of Agricultural Sciences and Technology of Kashmir, India</i> |    |
| <i>Shamsul Haq, Sher-e-Kashmir University of Agricultural Sciences and Technology of Kashmir, India</i>       |    |
| <i>Azra Amin, Sher-e-Kashmir University of Agricultural Sciences and Technology of Kashmir, India</i>         |    |
| <i>Shakeel Ahmad Dar, Sher-e-Kashmir University of Agricultural Sciences and Technology of Kashmir, India</i> |    |

#### Chapter 6

|                                                            |    |
|------------------------------------------------------------|----|
| Health Effects of Air Pollution in Urban Environment.....  | 96 |
| <i>Banwari Dandotiya, Jiwaji University Gwalior, India</i> |    |

## Section 3

### Climate Change Impacts on Biodiversity and Ecosystem Services

#### Chapter 7

|                                                                                                            |     |
|------------------------------------------------------------------------------------------------------------|-----|
| Climate Change Impacts on Biodiversity in Arid and Semi-Arid Areas: Biodiversity Under Climate Change..... | 117 |
| <i>Hanane Boutaj, Cadi Ayyad University, Morocco</i>                                                       |     |
| <i>Aicha Moumni, Cadi Ayyad University, Morocco</i>                                                        |     |
| <i>Oumayma Nassiri, Cadi Ayyad University, Morocco</i>                                                     |     |
| <i>Abdelhak Ouled Aitouna, Cadi Ayyad University, Morocco</i>                                              |     |

#### Chapter 8

|                                                                                        |     |
|----------------------------------------------------------------------------------------|-----|
| Impacts of Climate Change on Biodiversity and Ecosystem Services: Current Trends ..... | 142 |
| <i>Vartika Singh, Amity University Noida, India</i>                                    |     |

## **Chapter 9**

**Impact of Climatic Changes on Earth's Survival: An Analysis of Changing Environment and Its Consequences at a Global Level ..... 160**

*Akash, Gurukula Kangri University, India*

*Navneet, Gurukula Kangri University, India*

## **Chapter 10**

**Potential Impacts of Climate Change on Land Degradation and Desertification: Land Degradation and Climate Change ..... 183**

*Dharumarajan S., National Bureau of Soil Survey and Land Use Planning (ICAR), India*

*Veeramani S., National Bureau of Soil Survey and Land Use Planning (ICAR), India*

*Kalaiselvi Beeman, National Bureau of Soil Survey and Land Use Planning (ICAR), India*

*Lalitha M., National Bureau of Soil Survey and Land Use Planning (ICAR), India*

*Janani N., National Bureau of Soil Survey and Land Use Planning (ICAR), India*

*Srinivasan R., National Bureau of Soil Survey and Land Use Planning (ICAR), India*

*Rajendra Hegde, National Bureau of Soil Survey and Land Use Planning (ICAR), India*

## **Chapter 11**

**Potential Impacts of Climate Change on the Inland Fisheries of Arid and Semi-Arid Regions of Africa: Impacts of Climate Change on Inland Fisheries..... 196**

*Imefon Udo Udo, University of Uyo, Nigeria*

*Imekan Isaac Akpan, Akwa Ibom State University, Nigeria*

## **Chapter 12**

**Climate Change and Its Impacts on Oases Ecosystem in Morocco ..... 217**

*Mohamed Ait El Mokhtar, Cadi Ayyad University, Morocco*

*Raja Ben Laouane, Cadi Ayyad University, Morocco*

*Mohamed Anli, Cadi Ayyad University, Morocco*

*Abderrahim Boutasknit, Cadi Ayyad University, Morocco*

*Abdessamad Fakhech, Cadi Ayyad University, Morocco*

*Said Wahbi, Cadi Ayyad University, Morocco*

*Abdelilah Meddich, Cadi Ayyad University, Morocco*

## **Section 4**

### **Climate Change, Ecosystem Services, Food Security, and Health**

## **Chapter 13**

**Ecosystem Services, Climate Change, and Food Security ..... 247**

*Samreen Siddiqui, Texas A&M University – Corpus Christi, USA*

## **Chapter 14**

|                                                                                                                                                 |     |
|-------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| Ecosystem Services-Climate-Health Associations: Water-Climate-Leishmaniasis Nexus in an Endemic Focus of Zoonotic Cutaneous Leishmaniasis ..... | 280 |
|-------------------------------------------------------------------------------------------------------------------------------------------------|-----|

*Ahmed Karmaoui, Southern Center for Culture and Sciences, Morocco*

*Siham Zerouali, Southern Center for Culture and Sciences, Morocco*

*Ashfaq Ahmad Shah, National University of Sciences and Technology (NUST), Pakistan*

*Mohammed Yacoubi-Khebiza, Cadi Ayyad University, Morocco*

*Fadoua El Qorchi, Cadi Ayyad University, Morocco*

## **Chapter 15**

|                                                                                                                                                     |     |
|-----------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| Relationships Between Climate Parameters and the Density of <i>Phlebotomus papatasi</i> , the Main Vector of Zoonotic Cutaneous Leishmaniasis ..... | 291 |
|-----------------------------------------------------------------------------------------------------------------------------------------------------|-----|

*Ahmed Karmaoui, Southern Center for Culture and Sciences, Morocco*

*Siham Zerouali, Southern Center for Culture and Sciences, Morocco*

## **Section 5**

### **Biodiversity and Ecosystem Services Adaptation to Climate Change**

## **Chapter 16**

|                                                                                                                                                            |     |
|------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| Effectiveness of Local Community Policy Responses to Climate Change Impact on Ecosystem Services for Biodiversity Conservation in the Semi-Arid Zones..... | 304 |
|------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|

*Wilson Truman Okaka, Kyambogo University, Uganda*

## **Chapter 17**

|                                                                                                                                   |     |
|-----------------------------------------------------------------------------------------------------------------------------------|-----|
| Adaptive Strategies of Small Family Farms in the Face of Climate Change: The Case of the Tleta Watershed in Northern Morocco..... | 316 |
|-----------------------------------------------------------------------------------------------------------------------------------|-----|

*Mohamed El Amrani, National School of Agriculture of Meknes, Morocco*

|                                        |            |
|----------------------------------------|------------|
| <b>Compilation of References .....</b> | <b>331</b> |
|----------------------------------------|------------|
