Preface.....	x
Alexander Kharlamov	

Part I: Neuroinformatics and Semantic Representations: Theory

Chapter One.....	2
The Semantic Network as a Model of the World, and Purposeful Behaviour	
Alexander Kharlamov	

Chapter Two.....	19
On a Type of Artificial Neural Network Based on Neurons with Temporal Summation of Signals	
Alexander Kharlamov	

Chapter Three.....	29
Structural Processing of Information in the Human Brain. Model of the World	
Alexander Kharlamov	

Chapter Four.....	55
Distributional and Network Semantics. Text Analysis Approaches	
Alexander Kharlamov, Denis Gordeev and Dmitry Pantiukhin	

Chapter Five.....	114
A Network N-gram Model of the Text. A Topic Tree of the Text – Minimal Tree Subgraph of the Semantic Network	
Alexander Kharlamov	

Chapter Six.....	127
Synchronization of Communicants' Models of Subject Domains in the Process of Dialogue	
Alexander Kharlamov, Vladimir Ryzhov and Maria Pilgun	

Part II: Applications: Semantic Text and Quasi-Text Analysis

Chapter Seven.....	156
TextAnalyst Technology for Automatic Semantic Analysis of Text	
Alexander Kharlamov	
Chapter Eight.....	168
Tools for Information and Analytical Expert Evaluation	
Based on Authors' Texts	
Alexander Kharlamov, Boris Vasin and Maria Pilgun	
Chapter Nine.....	187
Ranking the Parameters of Human Capital Assets using	
a Homogenous Semantic Network of a Text Corpus	
Alexander Kharlamov, Petr Kuznetsov and Vadim Novikov	
Chapter Ten	199
Implicit Knowledge in the Perception of the Text (in Works	
by V. Nabokov and J. Brodsky): A Neural Network Approach	
Alexander Kharlamov and Maria Pilgun	
Chapter Eleven	219
Using a Homogeneous Semantic Network to Classify the Results	
of Genetic Analysis	
Alexey Kulikov and Alexander Kharlamov	

Part III: Other Points of View

Chapter Twelve	232
Neurosemantic Network	
Andrey Lavrentyev	
Chapter Thirteen.....	258
Multimodal Semantics in Control and Monitoring Tasks	
Alexander Kharlamov, Roman Zharkoy, Konstantin Ermishin	
and Valeriy Arzumanov	
Contributors.....	276
Index.....	289
